

Reserve Bank of India - Master Direction

Ref: RBI/2026-045

- 1.1 This Master Direction establishes baseline cybersecurity controls.
- 2.1 Applicability extends to all Commercial Banks and NBFCs.
- 3.1 All regulated entities shall implement multi-factor authentication for all privileged access by June 30, 2026.
- 3.2 Entities should establish a dedicated SOC operational 24x7.
- 4.1 Endpoint detection and response (EDR) agents must be deployed on all endpoints.
- 4.2 It is recommended to perform adversary simulation twice a year.
- 5.1 Banks must conduct quarterly vulnerability assessments and maintain records for 7 years.
- 6.1 Failure to comply may result in supervisory action under Section 35A.
